ADVANCED PROGRAMME IN STRATEGY IMPLEMENTATION AND EXECUTION

Introduction

Developing a sound strategy is only the beginning of organizational success; the real challenge lies in translating strategic plans into measurable results. Research consistently shows that many organizations fail to achieve their strategic objectives not because of poor strategy formulation, but due to ineffective implementation, inadequate leadership commitment, weak governance structures, poor communication, insufficient resource allocation, resistance to change, and ineffective performance monitoring. Successful organizations distinguish themselves by their ability to execute strategy consistently, align people and processes, monitor progress, and adapt to changing circumstances while maintaining focus on strategic priorities. This advanced programme equips executives, senior managers, strategy professionals, and public sector leaders with practical knowledge, internationally recognized frameworks, and implementation tools required to successfully execute organizational strategies. Participants will learn how to translate strategic plans into operational initiatives, align organizational structures and resources with strategic priorities, manage strategic change, establish governance and accountability systems, and monitor implementation using performance management frameworks and evidence-based decision-making

Course Objectives

- Translate strategic plans into actionable operational plans.
- Develop comprehensive strategy implementation frameworks.
- Align organizational structures, budgets, and resources with strategic priorities.
- Establish governance and accountability systems for strategy execution.
- Apply change management principles to support successful implementation.
- Develop strategic implementation roadmaps and action plans.

P.O Box 7254- 01000

Location Thika & Nairobi

- Design performance monitoring and reporting systems.
- Manage implementation risks and organizational challenges.
- Strengthen cross-functional coordination and stakeholder engagement.
- Improve organizational performance, service delivery, and sustainable results.

Course Modules

> Module 1: Foundations of Strategy Implementation and Execution
- Strategy execution versus strategy formulation
- Principles of successful strategy implementation
- Strategic leadership and execution
- Common implementation challenges
- Global best practices in strategy execution

> Module 2: Translating Strategy into Operational Plans
- Strategic action planning
- Developing operational plans
- Strategic initiatives and programmes
- Priority setting
- Implementation scheduling and milestones

> Module 3: Organizational Alignment for Strategy Execution
- Aligning organizational structures
- Strategic organizational design
- Aligning people, processes, and technology
- Resource allocation
- Budget alignment with strategy

> Module 4: Strategy Implementation Governance and Accountability
- Governance structures for implementation
- Roles and responsibilities
- Strategic accountability systems
- Decision-making structures
- Executive oversight mechanisms

> Module 5: Strategic Leadership and Change Management
- Leading organizational transformation

- Managing resistance to change
- Stakeholder engagement
- Strategic communication
- Building a strategy-driven culture

> Module 6: Project and Programme Management for Strategy Execution
- Strategic project management
- Programme portfolio management
- Project prioritization
- Resource optimization
- Delivering strategic initiatives

> Module 7: Performance Management and Strategy Monitoring
- Key Performance Indicators (KPIs)
- Balanced Scorecard implementation
- Performance dashboards
- Monitoring strategic initiatives
- Performance reporting systems

> Module 8: Managing Strategic Risks and Organizational Resilience
- Strategic risk identification
- Enterprise Risk Management (ERM)
- Risk mitigation planning
- Business continuity
- Organizational resilience during implementation

> Module 9: Continuous Improvement and Strategy Review
- Performance review mechanisms
- Organizational learning
- Continuous improvement models
- Corrective actions
- Strategy review and adaptation

> Module 10: Strategy Execution Simulation and Action Planning
- Strategy execution case studies
- Developing implementation roadmaps
- Executive strategy implementation workshop

- Group presentations
- Organizational implementation action plans
- Peer review and facilitator feedback
